About The Company

What We Do: Work is our passion - We are in manufacturing industry since last 30 years in our rubber product unit and subsequently we have started a pet production unit in the year 2010 equipped with state of the art machineries. We

always believe in quality and service resulting long term association with our customers. It is crystal clear in year to year growth of our company which exceeds nearly 100% every year. We are a leading brand name in the world of pet preforms & bottles in eastern India

Our Performance: We have started with a production of 200 M/T in the year 2011-12, and we have reached 2400 M/T in the year 2015-16 with a jump of 1200% within a span of mere 5 years. It is clearly visible in the chart below.

Year	Production
2011-12	200 M/T
2012-13	600 M/T
2013-14	1000 M/T
2014-15	1800 M/T
2015-16	2400 M/T

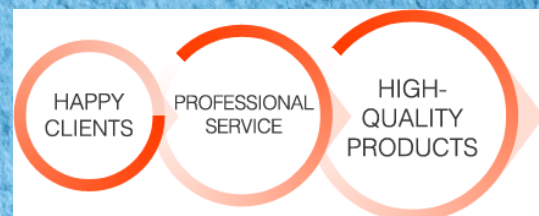

Our Strength: At our firm, we have employed an efficient workforce who are skilled and possess more than 10 years of experience. Together, they cater to customer requirements to the utmost. The raw materials are sourced from trustful vendors so that the highest grade of quality is delivered. A special department of quality control and assurance has been allotted for the manufacturing process to obtain minimum rejection percentage.

Our Goals: At RM Polypets, we believe quality should never be sacrificed. This is why we attempt to upkeep it without compromises or cutting corners. Our aim is to incorporate innovation in our products for which we have a team dedicated to continuous research and development. A completely customer-centric company, we strive for excellence every time so that 100% customer satisfaction can be imparted.

Our Manufacturing Units

RM Polypets believes in quality, which is why we have facilitated our manufacturing units with all needed machines and moulds sourced from manufacturers of repute. In our company, quality would never be compromised. We live by the commitment to quality products and services. Presently, we are capable of producing 3000 MT of PET performs and almost 4 crores of PET bottles per annum. The machines which we have installed are of the highest grade so that they help us cater to your needs for smooth and quality products. We have sourced these machines from famed manufacturers, including Toshiba Machine Co. Ltd, Nu-Vu Con Air Pvt. Ltd, Prasad Gwk Cooltech Pvt. Ltd., Shyam Plastic Industries, Steelmades, R. L. Rao Tools, Karamsar Technologies, ELGI Compressors and Indo Air Compressors Pvt. Ltd.

Quality Control

At RM Polypets, special and stringent quality-control measures are undertaken to ensure the manufacture of flawless products. Various tests and assurance activities are carried out so that the manufacturing processes remain effective. Also, top grade materials are utilised to contribute to the same. Our operations to upkeep product quality can be summed as follows:

Product Quality Testing:

Apart from assurance, quality tests are also undertaken to ensure the manufacture of faultless pet performs and bottle. Below are the activities carried out:

- ✚ Visual tests for the finish, texture, clarity, colour, and black spots.
- ✚ Volume tests for ullage, etc.
- ✚ Material distribution, top load, pressure burst, and dimensional tests.
- ✚ Closure application torque test.
- ✚ Conditional tests and field trials for the market.

Advantage RM Polypets

At RM Polypets, our manufacturing operations are based on strong principles that bespeak the excellence of our infrastructure. We have always strived to maintain a pleasant work environment because we believe happy workers are more efficient and productive. We also make sure to train and motivate our employees so that they attain the zenith of technical excellence in their work and come out competent to handle sophisticated and advanced machinery. Over the years, our focus has always concerned customer satisfaction without the slightest glitch.

We not just ensure great products and their premium manufacturing, but also their error-free supply. Consistency is what persuades us to deliver nothing but the best, always. As a company, we have only matured with time. What started with a single machine is now a fully-equipped unit catering to a plethora of customer needs. And we look forward to a glorious future in pet performs and bottles making. Do you want to walk on this journey with us? Give us a call now.
